

TECHNICAL SPECIFICATIONS

FOR THE AVANT PREMIÈRE SCREENINGS 2022

Please note!

Your screening material must be received by filter Media GmbH&Co. KG⁽¹⁾ by 28 January 2022!

GENERAL PRESENTATION FORMAT

Avant Première Showreel + the 2-minute Speaking Time Clip* (see page 2) will be presented via the streaming service provider b2match (the Avant Première 2021 organizer tool) in HD 1080 at 25 frames (progressive) with stereo audio mixed according EBU R-128 (or ITU BS1770-2).

Please send the Avant Première Showreel + the 2-minute Speaking Time Clip as two (2) separate clips! It is mandatory to edit your submissions only up to the maximum provided time for the Avant Première Showreel time as well as up to the up to two minutes for the 2-minute Speaking Time Clip. Exceeding these limits will trigger a re-delivery and therefore might invoke extra charges.

AVANT PREMIÈRE SHOWREEL + 2-MINUTE SPEAKING TIME CLIP

Please consider sending your material in the highest quality possible with the least possible compression. Since all materials will get re-compressed again by the streaming service provider ahead of presentation, already heavily compressed files will likely degrade further. This is not controllable by IMZ nor filter Media.

VIDEO (Showreel & Speaking Time Clip)

File based (preferred!)

HD (1080) (preferred) (please indicate file type and runtime on adjacent .txt-file)

Optical Disc SD (DVD)

submission is deprecated - please consider digital delivery

Optical Disc HD (Blu-ray)

submission is deprecated - please consider digital delivery

All video will be presented in 25fps progressive – please consider a de-interlace/framerate conversion before delivery

AUDIO

On any of the deliverables for video stated above audio should be stereo, mixed according EBU R128 or ITU BS1770-2 respectively

Please note! Presentation will be in **stereo** only, there is no need for 5.1 discrete or DolbyE audio!

SUBTITLES

All presentations should be in English language. In case you need subtitles please make sure they are burned-in the Avant Première Showreel as well as into the 2-minute Speaking Time Clip.

Size and positioning of the subtitles is up to the creative decision by the exhibiting party. However, please keep them at a reasonable size to ensure the readability on different screen sizes.

LOWER THIRD

For your personalised introduction, the 2 Minute Speaking Time-clip, please insert following graphics template, after the appropriate text adaption, to your video. For representation purpose we recommend at least 15 seconds of duration time — ideally, please consider the provided and company adapted lower thirds to be present for the complete duration of the introduction.

It is mandatory to **only** use the the IMZ-provided graphics file, available as an Adobe Photoshop-file .psd at

https://www.imz.at/fileadmin/Avant_Premiere_2022/documents/AP22_Screenings_LowerThird-Template.zip

Please only use the preset settings, font and graphics as placed and additionally stated in the .psd-File and make sure to deselect the folder in the .psd-file “deselect before export” before output for further processing.

As stated in the .psd-file itself, these are the major guidelines:

- Dimension of 1920x1080, 72dpi resolution
- Final graphic's color space is Rec.709 Gamma 2.4
- Alternatively, any RGB-color space but black/white/colors in RGB range 16-235 or 6% black/ 92% white

Available text has to be set to: text color white (92% grey), right aligned:

Name: Upper Case, Helvetica Neue Bold, Size 60 pt:

Production Company: Upper Case, Helvetica Neue Bold, Size 42 pt, leading 70 pt

Position of Speaker (in presenting Production): Upper Case, Helvetica Neue Bold, 42 pt, leading 44 pt

Please provide your adapted lower third (the .psd-file as of above, .zip'd or as .png with alpha channel) in case we are live-streaming your 2-minute Speaking time for overlaying it from our end at the time of your presentation!
