AVANT PREMIÈRE IS HOSTED BY THE IMZ INTERNATIONAL MUSIC + MEDIA CENTRE

The Vienna-based IMZ International Music + Media Centre was founded under the aegis of UNESCO in 1961 to preserve the performing arts as a cultural asset. With this goal in mind, our mission is to promote performing arts in and through audiovisual media to inspire and engage new audiences for music + dance.

Our work is based on four pillars:

MARKET ACCESS + NETWORK

As the global business network for more than 150 member organisations, we connect the creators of the performing arts – the world’s renowned stages, dance companies, opera and concert houses – with the audiovisual branches – film + TV production, distribution, public + private broadcasting and streaming + VOD platforms. Regular industry gatherings and B2B events do not only enhance the quality + span of the network but also act as a marketplace for music + dance films.

PROFESSIONALISATION

To ensure a sustainable future for this specialised industry, the IMZ spearheads learning + development opportunities. By disseminating state-of-the-art information on current trends, providing crucial resources, fostering knowledge transfer of industry-specific skills and engaging in young talent promotion as well as offering pitching opportunities, the IMZ acts as a strong interest group for industry representatives and the sector as a whole.

AUDIENCE DEVELOPMENT

The distribution of cultural content through audiovisual media reaches new audiences. To build on this effect, the IMZ

programmes Music Film Festivals worldwide since both the festival character and the free admission lower the barriers to attend. Additionally, audience development is a crucial topic in the professionalisation efforts of the IMZ.

INNOVATION + NEW BUSINESS MODELS

Innovation and staying on the pulse of time are deeply embedded in all IMZ Activities. We specifically engage in showcasing pioneering technologies for the Arts and spearhead working groups of innovative approaches + solutions for the specialised industry. With the latest IMZ product Content.Agent, the IMZ offers a search engine + digital B2B marketplace for film licence trading bound to revolutionise the audiovisual industry. Within these developments, the IMZ + its members are advancing revolutionary IMZ Standards on Metadata + Copyright for the film industry further.
